Call for Informations and Contacts

Dear Ladies and Gentlemen, dear Colleagues,

as a director of an educational institute with an emphasis on theatre work in the context of a socio-cultural approach and collaborating with our local further education college (Volkshochschule Bergisch Gladbach) I kindly ask for your support. Both our institutions are starting to plan a European Conference with additional Workshops and Performances on the issue of

Encounter by means of Theatre among people of different Nationality, Culture and/ or Age.

The programme should take place somewhen in 2010 somewhere in Europe.

For the first steps we are trying to get an overview on professionals and theatre-initiatives in Europe who specifically understand their on-site work in the meaning of encounter between the described subgroups. We would be very pleased if you could mediate this call to potentially interested persons and groups.

We thank you very much in advance.

Yours faithfully,

HD Haun, Director
